

PRESS RELEASE**Diok RealEstate AG appoints Markus Drews to the Management Board**

Cologne, 15 August 2018 – The Supervisory Board of Diok RealEstate AG (DIOK) has appointed Mr Markus Drews (43) as an additional member of the company's Management Board. Drews has many years of experience on the capital and real estate market. From 2002 to 2012, he was Head of Transactions at the listed company Colonia Real Estate AG, which was later acquired by TAG Immobilien AG. Drews most recently served as Chairman of the Executive Board (CEO) of the listed company DEMIRE Deutsche Mittelstand Real Estate AG until 31 December 2017, where he was chiefly responsible for the company's expansion strategy, property purchases and the development of administrative structures. Under his management, the property portfolio grew to a total value of more than €1 billion within the space of just three years. Markus Drews has an extensive network in the real estate sector and excellent access to commercial portfolios. One of the biggest milestones during his time at DEMIRE was the acquisition of Fair Value REIT AG, another listed company, in December 2015.

Daniel L. Grosch from the Management Board of Diok RealEstate AG comments: "We are delighted to have gained Mr Drews as a Management Board member for our company. Together with him we move forward rapidly in the expansion of our commercial property portfolio. During his time at DEMIRE, Mr Drews demonstrated that he has very good access to all market participants and is able to establish a significant and sound property portfolio within a very short space of time."

About Diok RealEstate AG

Diok RealEstate AG (DIOK) is a Cologne-based real estate company specialising in German office properties. The company focuses on the development of an attractive office property portfolio in good or very good micro-locations of secondary locations. All personnel-intensive activities have been fully assigned to third parties and are monitored and managed by DIOK. As an active portfolio and asset manager, DIOK thereby generates a steady increase in value and positive cash flow right from the very first day. By means of a well-filled acquisition pipeline, DIOK aims to develop a property portfolio of €1 billion in the medium term.
